MEMORANDUM FOR ACTING DIRECTOR OF INFORMATION SYSTEMS FOR
COMMAND, CONTROL, COMMUNICATIONS, AND
COMPUTERS, OFFICE OF THE SECRETARY OF THE ARMY

SUBJECT: Reserve Component Automation System (RCAS) Migration
Data Elements

1. Thank you for your recent submittal of RCAS migration data elements and your overall support of the Defense Data Repository System (DDRS) migration data population effort. We are currently working on loading the 2,656 RCAS migration data elements into the DDRS.
2. The Army Data Administrator has already developed an automated interface to translate Army Data Dictionary (ADD) formats to the DDRS batch input formats. This interface not only facilitated the exchange of RCAS migration data elements, but will become invaluable as the Army begins to forward "candidate" DoD standard elements to the DDRS.
3. I look forward to working with you and the Army on future data standardization efforts. If you have any additional questions on DoD Data Administration activities, please contact Ms. Belkis Leong-Hong, the Data Administration Program Manager, on (703) 285-5374, or the Deputy Data Administration Program Manager, (703) 285-5382.

DENIS M. BROWN
Director
